11.. [redacted] LIAISON Met with Bill Miller, Staff Director, Senate Select Committee on Intelligence, and informed him that the Agency would be contacting recipients of funds under the [redacted] program beginning 9 October to inform them that the Agency had been making the payments to them all along and would continue to do so. I reminded Miller that we had first briefed him on this about a year ago but that the program was just now going into effect. I informed Miller that the Agency had no unique insight into the recent deaths of Bulgarian defectors in Europe but that we were attempting to learn what we could about this. Regarding the Committee's follow-up questions on the Kampiles case (Chairman Birch Bayh's (D., Ind.) letter of 19 September), I informed Miller we would not be able to respond in writing until after the Kampiles trial but would be glad to meet with the staff to discuss orally any of the questions to which the Committee needed prompt answers. Miller agreed to this. Miller also reported that Senator Malcolm Wallop (R., Wyo.) was still exercised over the Epstein book Legend and the Committee needs a highly detailed discussion of the charges made in the book.

12.. [redacted] LIAISON Met with Ken deGraffenreid, Senate Select Committee on Intelligence staff, and set 6 October at 3:30 p.m. for his meeting with [redacted] OGC, regarding the Patent Secrecy Act. Abram Shulsky, also of the Committee staff, will also attend.

Committee staff, the impending action of the [redacted] program.
Neither Mr. Ticer nor Mr. Roberts were on the Committee staff

in passing that Senator Harry Byrd (I., Va.) might wish to
call for a briefing of the details of the Kampiles case.
